## Games

*Houston's Book of Agility Games* is available for download from the TDAA website

### JUDGE'S BRIEFING ON DAY OF TRIAL SUPERSEDES THESE PRINTED BRIEFINGS.

**Touch and go** - is a numbered course consisting of tunnels and contact obstacles only! ER12

**Quidditch** - is a simple game of handling skill. The handler must direct the dog to perform three sequences of escalating value and attempting the simple performance of a specified tunnel after each. The game is full of interesting bonuses and colorful phraseology. ER2

**Slither** - is a points game consisting of jumps and tunnels taken either in a serpentine or threadle fashion by handler/dog choice with distance option for higher points. ER2

## Standard Course BETA

### "Walk Once, Run Twice"

Beta format is for pairs of Standard runs (1 & 2, 3 & 4, and so on) and allows you to run the same course twice in the same course order (no renumbering of obstacles, no changing the course). There is no 2<sup>nd</sup> walk-thru before round 2, so if you're only running round 2, you walk before round 1.

## FEO (For Exhibition Only)

What is FEO?? FEO is the opportunity to run your dog in a trial setting while not officially competing. For dogs not quite ready for trialing, this is a chance to practice a competition course under trial conditions. And if your dog didn't do well on a particular course during a scored run, this is a chance to try the course again. FEO runs are not eligible for placements (or for qualifying), although they will be judged and scored (compared to a fun run, which is not sanctioned, judged, or recorded.)

## Class Information

## Height Divisions

The TDAA offers the following Measured Jump Height Divisions: 4", 8", 12", 16"; and the following Jump Heights: 2", 4", 8", 12", 16". Owners/handlers are responsible for entering their dog at the proper height division, both the dog's Measured Jump Height and the height at which they want their dog to jump at the trial. **Per TDAA rules, dogs may be entered at any jump height desired; however, the scoring height continues to be the dog's Measured Jump Height.** Dogs jumping at a height other than their Measured Jump Height will earn qualifying legs and all TDAA titles. The judge reserves the right to measure dogs entered in any trial. Any dog that has not previously competed at a TDAA trial must be measured before competing.

## Time Accommodations for Veteran Dogs & Disabled Handlers

**Veteran Dogs:** Veteran dogs receive additional time in Standard runs based on their measured height division. Double-digit veteran dogs receive an additional extension in standard course time. Additional time in games will depend on scoring criteria. There is no special system of titling for veteran dogs.

**Disabled Handlers:** Disabled handlers receive an additional 4 seconds for Standard runs. Additional time in games will depend on scoring criteria. Proof of disability shall be a copy of the handler's disability parking tag or other official documentation, which must be included with the entry or presented at check-in at the trial. There is no special system of titling for disabled handlers.

## Mulligan

A "mulligan," is a situation where the handler is given the opportunity to re-run an event with the second run superseding the first. No more than one mulligan per dog, per day will be allowed.

## Awards

Ribbons will be awarded for 1st through 3rd place in each jump height in each class. Qualifying ribbons will be awarded to all dogs receiving a qualifying score. Titling ribbons will also be awarded to dogs completing a title. Dogs may receive placement ribbons without qualifying.
